Professional Summary

Computer Engineering student with hands-on experience building full-stack web applications using React, Django, Flask, and databases. Skilled in developing REST APIs, implementing authentication, and integrating AI-powered features. Seeking a Software Development Internship to apply technical skills and contribute to real-world projects.

Education

LJ Institute of Engineering and Technology (LJIET)

Bachelor of Engineering in Computer Engineering

2024–Present

Ahmedabad, Gujarat

- **Relevant Coursework:** Data Structures, Object-Oriented Programming, Database Management Systems, Web Development

Technical Skills

Programming Languages: Java, Python, JavaScript

Frontend: HTML, CSS, Bootstrap, Tailwind CSS, React

Backend: Node.js, Express.js, JDBC, Flask, Django

Database: MySQL, PostgreSQL, SQLite, MongoDB

Tools & Platforms: Git, GitHub, VS Code, IntelliJ IDEA, Jupyter Notebook

Projects

ScholarHub | Python, Flask, SQLite, JavaScript, Tailwind CSS | [GitHub](#)

Jan 2026 - Feb 2026

- Built a role-based Scholarship Management System with Google Authentication and secure session handling.
- Developed a complete application workflow, including document upload, status tracking, and an admin dashboard.
- Created REST APIs and integrated email notifications using Flask and SQLite.

Food Ordering System | Java (OOP), JDBC, MySQL | [GitHub](#)

Jul 2025 - Aug 2025

- Built a console-based system to manage menu items, customer orders, and billing.
- Utilized Linked Lists and Binary Search Tree for efficient data handling.
- Developed separate admin and user modules for menu control, order processing, and receipt generation.

School Management System | Java (OOP, Arrays) | [GitHub](#)

Jan 2025- Feb 2025

- Created a console-based system applying OOP concepts such as inheritance and encapsulation.
- Supported CRUD operations for students, teachers, and subjects, including attendance and grading features.
- Structured modular classes to simulate real-world school data management.

Certifications

- **Exploratory Data Analysis for Machine Learning** – IBM | [View Certificate](#)
- **Google AI Essentials** – Google | [View Certificate](#)
- **Introduction to HTML, CSS & JavaScript** – IBM | [View Certificate](#)
- **Inheritance and Data Structures in Java** – University of Pennsylvania | [View Certificate](#)
